

## गरीबों को फायदा देने वाले शोध करें

टीएफआरआई में  
महानिदेशक का दौरा

जबलपुर ▶ भारतीय खानिकी अनुसंधान और शिक्षा परिषद के महानिदेशक डॉ. अश्विनी कुमार ने कहा कि वैज्ञानिक संस्थान द्वारा विकसित एकलव्यों को पूर्ण टेक्नोलॉजी पैकेज के रूप में विकसित करें। उन्होंने वैज्ञानिकों से आह्वान किया कि कम खर्च में प्रान्त गरीबों को योग्य वस्तुओं पर शोध कार्य करें, जिससे विकसित उत्पादों से गरीबों को फायदा

संग्रहालय का दृष्टांत करते अश्विनी कुमार

मिल सके। साथ ही वैज्ञानिकों से भविष्य में किए जाने वाले शोध पर सुझाव मांगना भी। शनिवार को कुमार ने उष्ण कटिबंधीय वन अनुसंधान में एटिको परिचय केंद्र और संग्रहालय के दृष्टांत भी किया। टीएफआरआई के निदेशक डॉ. व. प्रकाशम ने उनका

दृष्टांत किया और डॉ. नितिन कुलकर्णी ने अब तक हुए कार्यों से अवगत कराया। अक्सरों को संबोधित करते हुए कुमार ने राष्ट्रीय और अंतरराष्ट्रीय स्तर पर विशेष क्षेत्र में वैज्ञानिकों को प्रोत्साहित करने की सलाह दी।

### शोध कार्यों की दी जानकारी

जबलपुर ▶ भारतीय अनुसंधान एवं शिक्षा परिषद देहरादून के डॉ. अश्विनी कुमार ने उष्णकटिबंधीय वन अनुसंधान संस्थान जबलपुर का दौरा किया। इस दौरान खानिकी परिचय केंद्र एवं संग्रहालय तथा धुन्धकश का उद्घाटन किया। डॉ. व. प्रकाशम द्वारा पुष्पगुच्छ भेंट किए गए। डॉ. नितिन कुलकर्णी ने महानिदेशक को विभिन्न शोध कार्यों की जानकारी दी। कार्यक्रम में डॉ. एन. एच. चौधरी, डॉ. फातिमा शिरोन आदि की मौजूदगी रही।

## Dr Ashwani Kumar visits TFRI

■ Staff Reporter

Dr ASHWANI Kumar, IFS, Director General, Indian Council of Forestry Research & Education (ICFRE), Dehradun, visited Tropical Forest Research Institute (TFRI), Jabalpur on Saturday.

At the outset, Director General commissioned the Forest Museum and Interpretation Centre (FMIC) and Mist Chamber at TFRI. FMIC was established at TFRI to disseminate the forestry related knowledge to researchers, academicians and students. Commencement of Mist Chamber will help the genetic improvement programmes at the Institute.

Dr U Prakasham, Director TFRI, welcomed the Director General by presenting a bouquet. Dr Nitin Kulkarni briefed him about the mandate of Institute and various research activities currently being pursued at the Institute. Research works and activities carried out by the Institute were well appreciated by the Director General.

In his address, the Director General emphasised the need for optimal combination of progeny trials, multi-location trials and advanced generation seed orchards for enhancement of productivity. He highlighted the significance of fundamental research

ICFRE, DG, Dr Ashwani Kumar, accompanied by Dr U Prakasham, Director TFRI, unveiling the plaque of FMIC.

but advised the scientists for giving priority to applied research, which is the need of the hour, for benefit of the stakeholders. He also advised that the developed techniques must be converted to technology packages which should be economically viable, reproducible, feasible and user friendly. He also advised scientists to work in a focused manner in a specialised field to excel at National and International level in scientific arena. In present era, there are three major challenges for scientific community i.e. qualitative and quantitative increase in forest cover, increase in forest productivity

and conservation of biodiversity, he observed. He advised to work on the lesser known wild edible tropical forest species and develop value added products for the betterment of poor people. He also advised Director TFRI to come up with a book having significant research findings of the Institute and to carry out the workshop/symposia for their wide dissemination. Dr N Roy Choudhary, Senior most scientist of the Institute presented the vote of thanks. Dr Fatima Shirin, scientist conducted the programme. All scientists/officers/staffs actively were present on the occasion.

## Forestry Introduction Centre opened

■ Staff Reporter

THE Director General Tropical Forestry Research and Education Council (IFREC) Dr Ashwini Kumar visited Tropical Forest Research Centre (TFRI) on November 1, 2014 where he inaugurated the Forestry Introduction Centre and Museum.

The objective of opening the Forestry Introduction Centre and Museum is to provide the environment related information to the students at the same spot. Whereas, Smoke Room would be helpful in conducting the heredity related research work. The Director General was welcomed by Director Dr U Prakasham by presenting bouquet of flowers. Dr Nitin Kulkarni provided information about the mandate of TFRI and different types of research works being done here. Director appreciated the research works being done in the institute. Speaking on the occasion, he advised to work jointly for offspring examination, multi sites examination and advanced general seeds, gardens for increasing productivity. He called upon the scientists to develop the technologies as complete technological package. He said that developed technology must be practical and favourable for user. He threw light over the basic research's importance

Forestry Introduction Centre and Museum being inaugurated by guests at TFRI.

and stressed on giving importance to applied research. He also advised the scientists to work by concentrating over a region for attaining excellence at national and international level. He appraised the forestry scientists about the three main challenges, i.e. increasing the forest cover qualitatively and statistically. He also stressed on the research over wild edible species so that needy people would get benefits of their developed cost escalation products. The all the scientists, officers and employees were also present on the occasion. The scientists of research institute, officials and employees were also present on the occasion. Senior scientist Dr N Roychoudhary proposed vote of thanks.

## नए वानिकी परिचय केन्द्र का शुभारंभ

टीएफआरआई नीमखेड़ा में कल का उद्घाटन करते महानिदेशक डॉ. कुमार।

जबलपुर। भारतीय वानिकी अनुसंधान एवं शिक्षा परिषद देहरादून के महानिदेशक डॉ. अश्विनी कुमार ने उष्ण कटिबंधीय वन अनुसंधान संस्थान का दौरा किया। इस मौके पर उन्होंने वानिकी परिचय केन्द्र, संग्रहालय और पुष्पकल का उद्घाटन किया।

वानिकी परिचय केन्द्र एवं संग्रहालय खुल्ने से शोध करने वाले, प्रशिक्षण देने वाले और अन्य विद्यार्थियों को वन एवं पर्यावरण से जुड़ी जानकारी आसानी से मिल सकेंगे। इस मौके पर संस्थान के

निदेशक डॉ. यु. प्रकाशम ने डॉ. अश्विनी का स्वागत किया। डॉ. नितिन कुलकर्णी ने उष्णकटिबंधीय वन अनुसंधान संस्थान के मैनेजर एवं यहां किए जा रहे शोध की जानकारी दी। वैज्ञानिकों ने संस्थान द्वारा विकसित तकनीकों को पूर्ण टेक्नोलॉजी पैकेज के रूप में करने का आग्रह किया। इस मौके पर डॉ. एन. राय चौधरी, डॉ. ज्योतिषा शिरीन, हरी ओम सक्सेना मौजूद रहे। टीएफआरआई में पिछले एक सप्ताह से चल रहे सर्कलट जागरूकता सप्ताह का समापन भी सोमवार को किया गया।
