## OFFICE MEMORANDUM

The institute has a large pool of Research Scholars/Fellows engaged in ongoing research activities under various projects. This pool constitutes a potential Human Resource for the institute and the Council. It would therefore be imperative that the said Human Resource be counseled to enrich/strengthen its research potential, as part of a Comprehensive Human Resource Development Approach. This was also discussed during the recent visit of ADG (M&E). A Research Career Counseling and Guidance Programme are accordingly proposed to be started henceforth with a one hour counseling session weekly from 4.30 to 5.30PM every Wednesday. All the Research Scholars/Fellows are directed to attend the same. Dr. Naseer Mohammad, Scientist-B would act as coordinator for the counseling and guidance programme.
