

celebration of International Day for Biological Diversity (22/05/2025)

In a series of activities organized on the occasion of the International Day for Biological Diversity with the theme for 2025 is 'Harmony with Nature and Sustainable Development', three events were conducted on 22 May 2025 at ICFRE-TFRI, Jabalpur campus.

1. Bird Watching Program (6:00–7:30 a.m.): Conducted under the guidance of Shri Manoj Poosam, Senior Technician, this event aimed to raise awareness about avian species richness. A total of 65 bird species were observed and documented during the program. Participants observed various bird species while learning about their identification and ecological characteristics.
2. Placement of Water Pots for Birds: To support avian life during the approaching summer heat, especially the 'Nau Tapa' period in Central India, water pots were placed across the campus to provide relief to thirsty birds.

3. Documentary Screening: A documentary was showcased to enhance awareness about biodiversity, emphasizing the importance of species coexistence and their role in the ecological food chain.
